

## Comments from students attending training courses

"Really enjoyed the course and the time you spent with the group"

"Learned many new aspects of health and safety. Course very informative. Will be able to put much into practice in my work environment."

"A well rounded health and safety course, presenter was well versed in subject matter and a pleasure to listen and learn from"

"Could not really be any more positive or constructive in terms of course content and delivery. Learning curve was considerable in three days but achievable."

"Course provider very knowledgeable and made the topic areas interesting and enjoyable through the use of past experience/stories. Thanks."

"Couldn't have done it without you. Thanks again."
